- Customer Support/Bid/Enquiry Management
- Integration with MS-Office/Emails
- Integration with ERP Systems like SAP, Oracle etc
- Integration with AutoCAD, Tally, Others

Solution Benefits

- Technology driven solution to drive growth
- Improved Control, Visibility & Predictability
- Accelerated Time to Market
- Improved Competitiveness
- Improved Communication & Collaboration
- Process Standardization & Improvement
- Improved Quality Metrics
- Higher Customer Satisfaction
- Centralized repository for all data/documents
- IP & Knowledge Management
- Integrated Risk Management
- Secure, Extendable & Scalable Solution
- Quality & Statutory Compliances
- Higher Resource Utilization & Productivity

Technology

- Web Based/J2EE compliant
- On Premise & Cloud Based Solution
- IE, Firefox Support
- Windows/Linux OS
- Oracle/MSSQL database support
- LDAP Integration (Single Sign on)
- Biometric Enabled Authentication
- Digital Signatures & Encryption
- Distributed Vaulting
- Print Management
- No Client Side software Installation

Why ProductDossier

- Industry Leading Solution
- Integrated Solution to meet global 2000 needs
- Out of the Box & Yet Tailor Made
- Highly Configurable
- Quick Implementation (within 2-12 Weeks)
- Incremental Rollout
- Proven Track Record of Successful Implementations
- Continuous improvement through R&D
- World Class customer support
- Best Performance to Cost Ratio, ROI: 6-8 Months
- Passionate & Talented team

Integrated Solution for Project, Process & Product Lifecycle Management

Call +91- 9881465500 for live DEMO

Project, Program & Portfolio Management

- Inbuilt Planning & Scheduling Engine, Gantt Chart
- Flexible Work Breakdown Structure (WBS)
- Optional Import/Export from MS-Project, Primavera
