Project Management First

TouchBase Request-to-COMPLETION

The link between strategy and value realization:

Internal Initiatives

Projects are the vehicle through which leaders execute organizational strategies to deliver business value.

Most forward-looking organizations have a regular process of evaluating new initiatives and authorizing them as formal projects.

Millions of dollars go through the portfolio and project evaluation processes. Various departments raise requests for projects for a variety of objectives such as:

- Meeting market demands
- Technological advancements
- Process automation
- Productivity/efficiency improvements
- Legal and regulatory requirements
- Others

The Internal initiatives Focus

Project Evaluation

- Develop rigorous business cases.
- Thorough project & program evaluation.
- Disciplined and data-driven funding decisions.

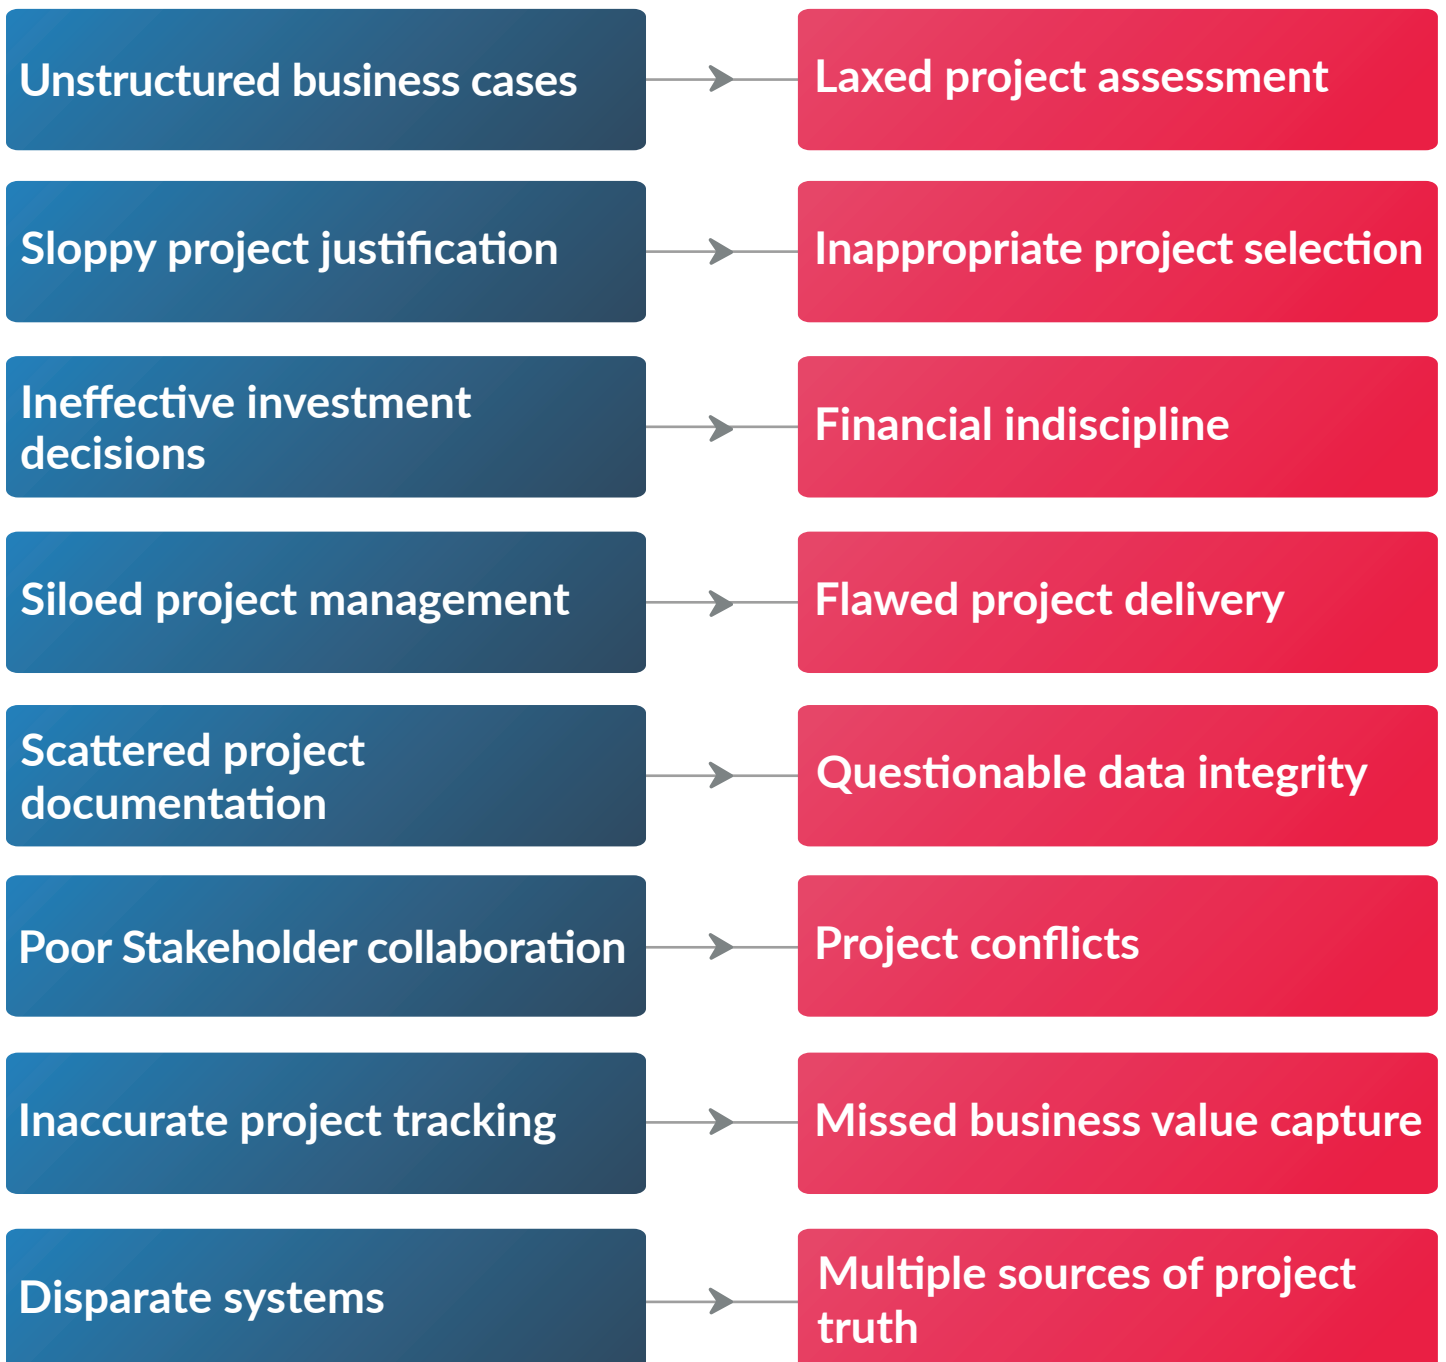

Project Planning & Execution

- Meticulous planning.
- Flawless execution.
- Proactive monitoring and control.
- Deliver business value.

Internal Initiatives / Projects Challenges

Challenge
